

## COLLECTING GRAIN FOR ANALYSIS FOR RESEARCH

**Please follow the steps outlined below for collection and submission of your horse's grain.**

1. Obtain one (1) cup of the grain.
2. Place the grain into a “sandwich” sized bag.
3. Label the bag with the brand and type of grain.
4. Label the bag with the name(s) of the horse that receives the grain and your full name.
5. Include a copy of the manufacturer's ingredient list of the grain (if available)
6. Include a copy of the manufacturer's guaranteed analysis label of the grain (if available).
7. Include the “recipe” of the grain if it is mixed at a feed mill.
8. Repeat steps 1 – 7 for each type of grain that your horse receives (if applicable).
